

Trustees' Office Dining Room

Summer Midday Fare

Here in past days gentle Shakers graciously offered their guests simple meals - served on white dishes on scrubbed wooden tables.

What the Shakers prepared was plain, yet touched with loving care: rich cream, eggs, butter, meat and vegetables, the fruits of their labor.

The garden and dining room staff take pride in preparing meals with ingredients grown in the garden right outside the window and from nearby farmers - bringing food from seed to table.

As a Kentucky Proud member, the Trustees' Office Dining Room serves traditional favorites and seasonal Kentucky dishes inspired by locally available ingredients.
